SUMMARY

I'm Nzayisenga Emmanuel, a software engineer with 2 year and a half of experience. I enjoy building excellent web applications with React.js and mobile apps with Flutter. I focus on solving problems and paying close attention to details to create seamless user experiences. My expertise lies in front-end development, utilizing frameworks like React and Flutter for mobile apps. Additionally, I'm proficient with databases like MongoDB, ensuring scalable and efficient solutions.

EDUCATIONAL BACKGROUND

I am currently pursuing a Bachelor of Science in Engineering (BSE) with Honors in Computer Science at the University of Rwanda, Nyarugenge Campus, from 2021 to 2026. My coursework covers a wide range of topics essential to software engineering, including UX/UI Research & Design, Front-end Development, Back-end Development, Project Management and Computing Research.

PROFESSIONAL WORK EXPERIENCE

FULLSTACKER DEVELOPER TRAINEE at Hanga august ,2024– Present

REACT JS at Energy power tech solution august,2024

FULLSTACK DEVELOPER

- I developed a web application designed to help Rwandan citizens avoid the Marburg virus. The app provides essential information on virus symptoms, prevention tips, and guidelines on how to respond in case of exposure
- I developed a web app to provide Rwandan citizens with accessible online justice, offering legal resources and connections to professionals. The goal is to make legal assistance more convenient and transparent.

MOBILE APP

Campus Management event using flutter

EXTRACURRICULAR ACTIVITIES

I had the privilege of attending the Hanga Pitch Hackathon 2024, organized in partnership with RISA and the ICT Chamber. I am proud to share that I achieved first place in this event.

SKILLS

HTML and CSS	UX/UI design	Node Express
Javascript Typer script	React js	Tail wind css and bootstrap
Flutter		

CERTIFICATIONS
